

Brother Sun

Reveals the beauty of its maker with radiant light.

Modify technology that blocks clear sunlight and expand solar energy.

Sister Moon

Reflects beautiful light and marks the seasons and the tides of life.

Eliminate light pollution that blocks night vision and migration patterns.

Brother Wind

Air, clouds and
weather uphold
life in all creatures.

*Stop human behaviors
that cause drastic weather
and climate change.*

Sister Water

Sacred, useful,
pure, precious and
vital to our lives.

*Keep watersheds free
from sediments and
pollutants.*

Brother Fire

Vigorous flames
light the dark and
provide energy.

*Prevent wild forest fires and
fossil fuel consumption
that destroy communities.*

Mother Earth

Vegetation on the land of mountains, forests and fields sustains life.

Reduce topsoil loss, expand sustainable farming and biodiversity.

Sister Death

Takes our breath—
we die, return to
dust and rise again.

*Redeemed life reveals
transformation and
transfiguration.*
